

An error doesn't become a mistake until you refuse to correct it.

Success And Defeat

It's the defeat more than anything else that hurts you! Defeat is always the hardest thing for you to stand, even in trifles. But don't you know that we have to be defeated in order to succeed? Most of us spend half our lives fighting for things that would only destroy us if we got them. A man who has never been defeated is usually a man who has been ruined.

—J. L. Allen

Anyone established in the process of creative expression, experiences the ecstatic promotion it brings and knows what work it is to acquire this skill and the strength it asks to remain in that joy.
It's work;
that's all there is.

Napoleon And Time

Napoleon once planned a whole campaign between the acts, while at the theater. He didn't need to take a day off to do a thing. He worked as long hours as the sun would let him and planned his great campaigns while his soldiers slept. Napoleon conquered all Europe, because he utilized the time that the rest of the world was letting go to waste.

Our Weakest Moments

Temptation often comes not at our strongest, but our weakest moments. When we are at the limit of our patience, love, etc. we are tempted to be unChristian, beware. Jesus' temptation began after 40 days of fasting.

People usually are more impressed when they see us act under pressure. One weak act may spoil a whole lifetime of witness.

Musicians And Artists

BEETHOVEN is unsurpassed in his painstaking fidelity to his music. Hardly a bar of his was not written and rewritten at least a dozen times. **JOSEF HAYDN**, through much hardships, produced over 800 musical compositions, and at age 66 gave the world that matchless oratorio "The Creation."

SCHUMANN-HEINK's parents were so poor they could not afford a good piano, but a dilapidated old one. For 20 years, she fought off poverty to become one of the world's greatest singers.

MICHAELANGELO's "Last Judgment," one of the twelve master paintings of the ages, was the product of 8 years' unremitting toil. Over 2,000 studies of it were found among his papers. And **LEONARDO DA VINCI** worked on "The Last Supper" for 10 years, often so absorbed he forgot to eat for whole days.

Discoveries Outside Of The Routine

When Edison was a train newsboy he lay over between runs in Detroit. Most of us would have gone to a ball game or to the movies or something to kill time, but Edison went to the library and put in time with books that gave him further information and education. Many great discoveries have been the result of a hobby, avocation, or specific need outside of the regular routine of living.

The father of photography was an army officer; of the electrical motor, a bookbinder; of the telegraph, a portrait painter. The inventor of the typewriter was a farmer; a carpenter invented the cotton gin, and the locomotive was invented by a coal miner. The telephone came from the after-school work of a schoolteacher, and a physician invented the pneumatic tire. How do you use your spare time?

He has half the deed done who has made a beginning.

STRUGGLE

To know how to survive
and progress
against impossible odds,
is to know how to live
in balance
and respect
among all people
and the rest
of creation.
From struggle
comes reward.

Don't Quit

When things go wrong, as they some-
times will,
When the road you're trudging seems
all uphill,
When the funds are low and the
debts are high,
And you want to smile, but you have
to sigh,
When care is pressing you down a
bit,
Rest if you must, but don't you quit.
Life is queer with its twists and turns;
As every one of us sometimes learns,
And many a fellow turns about
When he might have won had he
stuck it out.
Don't give up though the pace seems
slow—
You may succeed with another blow.
Often the goal is nearer than
It seems to a faint and faltering man;
Often the struggler has given up
When he might have captured the
victor's cup;
And he learned too late when the
night came down,
How close he was to the golden
crown.
Success is failure turned inside out—
The silver tint of the clouds of doubt,
And you never can tell how close you
are,
It may be near when it seems afar;
So stick to the fight when you're
hardest hit,—
It's when things seem worst that you
mustn't quit.

DRIVE/DETERMINATION

Determination--
one's earnest pursuit of
accomplishment or motive.
Determination--
one's choice to do,
the firmness of intent,
the child of motivation.

Without determination,
drive, alone, cannot exist.
Drive is determination
in action--the stepping stone
from determination
to destination.

Motivation fuels drive.
Without drive,
spiritual purpose cannot
be transformed,
be manifested.

Therefore,
drive is the necessary ingredient
to fulfill spiritual purpose.

Drive becomes the ingredient to
accomplishment,
the power of form
to function.

Thus, things fail when
drive dissipates,
determination dies.

Without determination and drive,
there can be no growth,
no success
no reward.

An ancient story recalls how Satan once summoned his top three aides to plan how to stop a group of dedicated Christians from effective missionary work.

One of the lieutenants, Rancor, said to Satan, "We should convince them that there is no God." Satan sneered at Rancor and replied, "That would never work. They know that there is a God."

Another of Satan's aides, Bitterness, spoke up. "We'll convince them that God does not really care about right or wrong." Satan toyed with the notion for a few moments, but rejected it because he knew that too many Christians know that God does care.

Malice, the third satanic helper, came up with his idea. "We'll let them go on thinking that there is a God and that He cares about right and wrong. But we will keep whispering that there is no hurry, there is no hurry."

Satan howled with glee. He advanced Malice higher in his malevolent organization. Satan knew that he would find this strategem successful with many, many Christians.

“Success is going from failure to failure without loss of enthusiasm.”

Sir Winston Churchill (1874-1965)

“It is never too late to be what you might have been.”

George Eliot (1819-1880)

Hazy goals produce hazy results. Clearly define your goals. Write them down, Make a plan for achieving them, set a deadline, visualize the results and go after them. Just don't look back unless you want to go that way.

Defeat may test you; it need not stop you. If at first you don't succeed, try another way. For every obstacle there is a solution. Nothing in the world can take the place of persistence. The greatest mistake is giving up.

Wishing will not bring success, but planning, persistence and a burning desire will. There is a gold mine within you from which you can extract all the necessary ingredients. Success is an attitude. Get yours right.

No difficulties
no discovery, no pains, no gains. Learn from the mistakes of others - you
can't live long enough to make them all yourself.

Never give up and never give in.

-Hubert Humphrey
