

Cornerstone

All of the ground is sinking sand
A doubting maze of desert land
Where darkness rules the heart of man
Til' the sun shines light on him

Lord of all,
Show you're strong
All my needs they fall

Chorus:
Be a cornerstone
Be a cornerstone
Be a rock, higher than I
Be my fortress wall
Be a foundation for all,
My cornerstone

The building's swaying in the wind
The towers crumble down again
This certainly will be the end
Of them not built on him

Lord of all
Show your strong
All my needs they fall

(Chorus)

You
You are the builder of my heart
You
Held me together from the start

(Chorus)
