birthday box

Make your graduates feel loved by sending a care package from your youth group.

We wanted to keep up with the college students who have graduated out of the program and the current kids who attend boarding school. So our youth group started sending out Birthday Boxes. We get a small box and fill it with a happy birthday sign, balloons, an individual-size microwaveable cake, a card signed by all of the youth, and whatever else we can think of. Shredded colored paper makes a great filler.

It's a great way to let them know they're missed and being thought of back home.
