

Symphony(Chris Tomlin)

***Shining wonders, fields of splendor
How they sing Your symphony
Deepest oceans, rising mountains
How they sing Your symphony
Let the earth feel the roar
And all the people of the world
Stand in awe, stand in awe
My heart's salvation, Yours forever
I will sing, sing Your praise
Let every nation under heaven
Shout Your name, sing Your praise
Let the earth feel the roar***

***And all the people of the world
Stand in awe, stand in awe
In symphony with all created things
Sing the song that we were made to sing
Stand in awe, we stand in awe***

***All the angels, all the heavens
Every people, every nation
Crying out to You
In the skies and in the oceans
Everything that's living, breathing
A symphony to You
There would be no greater song
In the highest above, on the earth below
Jesus, all for You
We stand in awe, stand in awe***
