

TO WED OR NOT TO WED

Reflect on the following questions and answer.

Q: Which benefits of singleness are most appealing to you? What makes them attractive?

Q: What seem like the downsides of being single?

Q: How has your own relationship with God been different when you were dating someone than when you were not dating someone?

Q: If you could plan out your life, would you want to remain single until you're 21, 25, or 30, or even stay that way forever? Why?

- Have you seriously considered remaining single for your whole life? Talk about that.

Q: Do you have any sense about what God may have in mind for you as a married person or a single person?
