1   2   3   4   5   6   7   8   9   10

• What do you think would make going out a better experience for you?

**Q:** If someone asked you to explain why you date the way you do (or why you don't date), what would you tell them?

**Q:** If you're going out, are you going out the way you know God wants you to?

• If you're going out but you're not happy with the patterns you're in, what do you think would make that better?

**Q:** Who could you trust to tell the truth to about your dating experience?

**BYE BYE**
