

# Puzzled

TOPIC : *Dating*

SCRIPTURE : *2 Corinthians 6:14*

SUPPLIES : *4 children's puzzles*

**B**efore the game, remove one piece from each of four children's puzzles. Then replace the missing puzzle piece with a piece from another puzzle so each puzzle has one wrong piece. Put the puzzles on the floor in four separate piles, with the pieces mixed up.

Have teenagers form four teams. Tell teams that they're simply going to assemble a puzzle as fast as they can. After several minutes, teams will realize they each have one wrong puzzle piece. Remind teams that they aren't finished until their puzzles are complete with all the correct pieces. Once all the teams have finished, congratulate the students for their great teamwork.
