Why does *Cornerstone* continue to report on Jerry Falwell's involvement with Rev. Moon? We do not wish to impugn his name or discredit the work he has done. Yet noting the various mentions of Rev. Falwell (plus his picture alongside Moon) in Unification Church materials, it is more than evident that Rev. Moon is using Falwell's credentials as a Christian leader to promote his own antichrist gospel. We believe that Jerry Falwell has become increasingly entangled with Rev. Moon, as this latest set of developments seems to show. We can only pray that Rev. Falwell realizes just how entangled he has become, and promptly removes himself from Moon's orbit.☺
