

Reflection: How Daring Are You?

When you see something in the Church or in society that you really feel is wrong or unjust, do you keep it to yourself or do you speak out? When you see peers treated unjustly by other kids, do you speak up in their behalf or are you afraid?

Timidity Meter

Put a check at the place that best describes you when you believe something or someone is wrong. Do you:

—always speak out

—probably say something

—say nothing but later tell friends

—seldom say anything because you don't like others to know how you feel

—never speak out
