

WHAT A DAY (The Call)

Take a black rose, turn it red
Take a weak man and help him stand
Take a young boy, make him fly
Take a hard man and make him cry
Struggle
What a day

Take a half life and make it whole
Take a poor man from the cold
Take a proud man, make him crawl
Take a small man and make him tall
Takes muscle
What a day

Take a black rose, turn it red
Take a worn man and help him stand
Take a tame boy, make him wild
Take a sad girl and make her smile
It's a struggle
What a day
