

PRAYER THOUGHTS

- * Talk to God about some of the strong attractions this world offers and ask Him for strength to resist the pull of money and possessions.
- * Ask God for wisdom to give the right amounts to His work while taking care of your personal needs and wisdom to decide what those needs really are.
- * Thank Him for His generosity in every way. Ask Him to help you to be a hilarious giver in return, giving with a right attitude and not just out of guilt or duty.
- * Ask God to bless and use the money already given through the *Try Tithing* project and the *Planned Famine*.
- * Pray for the people who so desperately need the food this money will buy and that they may be fed spiritually as well as physically.
- * As you finish your time of prayer with God, walk up to the offering plate, kneel down and place your money in the plate. As you do, let me encourage you to tell God that you aren't just committing and offering your money to Him, but that He's got your everything. When you are finished you may quietly leave the room.
