

## Self Image

- 1.) Describe a high school student: Normal and Ideal (physical and academic)
- 2.) Looking at the pictures, describe their body types: Normal? Ideal? Can you make any judgments on their personality?
- 3.) Looking at you peer educators, what conclusions can you draw on their personalities based solely on their looks.
- 4.) Describe stereotypes and cliques in your grade.
- 5.) Draw a quick sketch of yourself exaggerating physical features and personality traits.
- 6.) This year's theme for middle school is integrity. Describe how self-image would relate to this theme.
- 7.) Do you think that Kellenberg provides a good, comfortable environment to be an individual?
- 8.) "Being human can never mean being perfect, but it should always mean struggling to be as good as we can and never letting our failures be a reason for giving up the struggle." What does this mean to you?
