

CAREER PRESENTATIONS

You will need to answer the following questions to help you prepare your career presentation. In addition to preparing an oral presentation on your chosen career, you will need to create a written report of the information you have learned. Your oral report should be no more than five minutes in length and include a visual to illustrate something about the career you have researched. (A web site which can help you to do your research is www.bls.gov/oco.)
