

We live Each Moment
In The Heart of God
or we do not live

To See With His Eyes
To Love With His Heart
Is all I Want to do

Each of us are born into God's Heart

Why is it that we ever leave?

Once we leave life becomes a journey back home

Once we return home life becomes life.

Filled with Joy & with Peace

In Jesus' Heart there is no room for fear

There is only the radiation of Love

Without hesitation

Once you have found this - you know you have been

to the mountaintop - you know how your

piece fits into the puzzle - you have no need

you are at home in the world because you are at

home with its creator & you spend your life

there - in His Heart and you bring all people

you meet into there and you no longer need to

know or do lots of things - everything flows out of

your being.
