**God wants
to be my
best friend.**

**I was made to live in the presence of God.
I become best friends with Jesus by constant conversation-
sharing all my life with Him. Everything I do is spending time with
God**

Friendship with God is reserved I for those who reverence him.
Psalm 25:14

**What can I do to remind myself to think about God and remember
to talk with him more often throughout the day?**
