

Trust Me

CRYSTAL LEWIS

close your eyes

take a step

it's ok

i know where we're going

don't fret

i've been before

through these valleys

down these long and dangerous roads

yet dark as they seem

trust me

though you can't see

you can trust me

the way may be steep

you can trust me

let me lead...trust me

open your eyes

but don't let go of my hand

let your tears give way to smiles

see the joy inside the trial

don't worry you're safe with me around

rest assured i'm on your side

i won't let you hit the ground

but close as it seems..

it's true that what's in front of you

isn't always clear

but you must believe it in your heart

that i'm here - i'm here!
