*Prayers are really just talks with God. Instead of saying the formal prayers you learned at home or in religion class, think of the things you want to tell him and make your own prayer. Use the spaces below to write what you would say to God in each situation.*

What would you want to say to God the first thing each morning?

.....  
.....  
.....

Who are the people that you want God to bless and protect? How would you ask for this favor?

.....  
.....  
.....

Is there anything you have done that you regret? How can you tell God you are truly sorry?

.....  
.....  
.....

When you think of the many wonderful things God has given us, you realize that it is right to thank and praise him. What do you say?

.....  
.....  
.....

God is love and is deserving of all love. How can you tell him of your love for him?

.....  
.....  
.....

When night comes, you say "goodnight" to your family. What will you tell God before you go to sleep?
