

MEDITATION SONG: "GOD LOVES YOU"

In the quiet love is reaching it's yours to hold. Be still
and know that even when your lost and lonely and hope is gone
your not alone.

Far beyond the understanding there's a hand that leads if you
believe.

**REFRAIN: Through the darkness see the light, remember God loves
you.**

The road ahead is long and winding, with eyes of faith you'll
find the way yeah, and when the journey leaves you weary you
can rest in the comfort of heavens arms, sweet loving arms and
peace will follow. Peace be with you always as you go and now
you know that-

REFRAIN:

When you open up your heart his love will meet you where you
are. He will always be apart of everything you do. He is here
to set you free and give you all the strength you need to carry
on, to carry on.

REFRAIN:

REMEMBER GOD LOVES YOU, GOD LOVES YOU, GOD LOVES YOU!
