

## Appendices, Unite!

## BODY OF CHRIST

This game leads into a discussion on the body of Christ or Christian unity. When the group arrives, give everyone a slip of

paper with a part of the body on it like ear, nose, foot, kneecap, hand, eye, etc. Distribute enough "parts" to make up

two or more complete bodies. In other words, if you have 30 kids, you might want to have three bodies, each with 10 parts.

When the signal to go is given, the kids try to form complete "bodies" as quickly as possible by getting into groups. The body that gets together first is the winner. A complete body has, of course, only one hand, two arms, two

legs, and so on. If a body has three legs, one of the legs has to find a different body.

Once the bodies are formed, start some small group discussions or other activities which require those bodies to work together as a team. This simulates how the body of Christ works. An experience like this can help kids to understand passages of Scripture like 1 Corinthians 12 much better.
