

Picture Verses

TOPIC : *The Church*

SCRIPTURE : *Ephesians 4:11-16*

SUPPLIES : *Bibles, old magazines, glue, poster boards, markers*

Have teenagers form groups of five or six. Give each group a Bible, a stack of old magazines, glue, poster board, and a marker.

Instruct each group to look through the magazines to create a word picture that illustrates a verse in the Bible. Groups will have twenty minutes to choose verses and create their word pictures on the poster boards. They can use words between pictures if necessary. For example, a group may create the word picture below to illustrate Psalm 23:2.

When groups have finished creating their word pictures, have them get back together and present their posters while the other groups guess what the verses are.

DISCUSSION

- How did you decide which verse to use?
- How did you work together to create your posters?
- What is the purpose of the church?
- How do Christians work together to make the church function?
- How can we make our church more effective in fulfilling its purpose?
