

# What's Eating You?

TOPIC: *Unity*

SCRIPTURE: *Ephesians 4:11-16*

SUPPLIES: *many varieties of chewing gum*

**H**ave each person select a piece of gum and hold on to it. Have youth form groups of five or six. When you say "go," each person should quickly unwrap the piece of gum and begin chewing. Each person should chew and make a bubble as quickly as possible, being careful not to let the bubble pop. The winner is the first group in which all members have intact bubbles. Some youth will take longer because they didn't choose bubble gum, but the game will work with all types of gum.

## DISCUSSION

- What made this game more difficult for some than for others?
- In what ways does God use people who have different gifts to accomplish the same goals?
- How can we learn to work together, using individual gifts and talents to become unified in our goal to glorify God?
- In what ways does being unified protect us against the schemes of the devil?
