

Sacred writings of the Hopi Indians

● *Live simply and don't let materialism control your life.*

● *Have reverence for the environment.*

● *Teach your children to respect others.*

● *Guard against angry, unhappy thoughts.*

● *Watch your language!*

Use words to uplift, not to tear down.

● *Be self-sufficient. Do not depend upon others for survival.*

● *Recognize temptation when you see it.*

Be suspicious of anything that glitters with charm.
