

CANA

Here is my hand  
I give it to you  
Touch it with your hand  
And feel it moving  
Take it into your hand  
And let it move with your own  
Here is my hand  
I give it to you

Here is my heart  
I give it to you  
Touch it with your heart  
And feel it beating  
Take it into your heart  
And let it beat with your own  
Here is my heart  
I give it to you

Here is my life  
I give it to you  
Touch it with your life  
And feel it changing  
Take it into your life  
And let it change with your own  
Here is my life  
I give it to you

I give it to you  
All my life  
I give to you.
