Reflect on the questions.

Q: What people are the greatest influences on you? How do they influence you?

Q: Describe their influence—

☐ Positive because... ☐ Neutral because... ☐ Negative because...

Q: In several scientific studies, peer example has been a major force in teen sexual behavior. How does your own experience confirm or contradict this?

Q: What kind of influence do you think you have on others' sexual behaviors and attitudes?

☐ Positive because... ☐ Neutral because... ☐ Negative because...

Q: Why do you think that's true?

Q: How do you feel about that influence?

Q: Is there anything you wish you could change about the way others influence your sexual attitudes and behaviors? If so, what would that be?

- Why would you like to change that?
- Is there someone who can support you in that wish?

Q: Is there anything you would like to change about the way you influence other people's sexual attitudes and behaviors? If so, what would that be?

- Why is that important to you?
- Is there someone who can support you in that wish?
- How would you describe your desire for change if God happened to be listening right now (which, by the way, he is)?
