

THINK ABOUT IT

- Q: How reliable does your information about sex seem to be so far?
- Q: Have you gotten hurt by any bad info?
- Do you think there's any difference in the reliability of sources for boys and girls? Why?
- Q: Where do you wish you had learned about sex?
- If someone came to you for advice on where to learn about sex, where would you send that person? Why?
 - What do you think the Bible says about sex? (If you're not quite sure, we think you will be by the end of this book.)

I wish someone had told me about the mechanical parts that just aren't very sexy at all—just the mechanics of making everything fit right.

—Brian, on being prepared for his wedding night

where in the world are you?

WRITE ABOUT IT

Circle the percentage that describes how each statement applies to you.

0% means it's not true at all for you today.

50% means it's half true for you today.

100% means it's completely true for you today.
