Do you ever get the idea that people think you are ignorant when it comes to ...sex?

"Duh.....What am I supposed to think?"

all vara

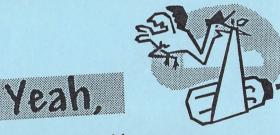

Sex can get someone pregnant

Pregnancy = another person

Somebody is a mother

Somebody else is a father

Somebody is an unborn baby

pregnancy should be a really beautiful thing, but things don't always work out that way. Sometimes, you're just not ready for it. So somebody has got to work it out...somehow. adortion is wrong. I'm not stupid.

I also know my biology. It's no secret that an abortion ends a human life.

Sometimes,

it just seems like the best choice for some people.

But I must admit, the idea of killing somebody to solve a "problem" isn't easy, especially if you think about it. But that's the law.

Anyway, everybody's done wrong things before, especially when all the choices appear bad.

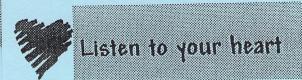

Still, I don't think we should take a human life, but does anybody have a better answer?

Yes!

No matter what your circumstances, real help is available to you or anyone who doesn't want to make a terrible mistake.

Abortion is a "choice", but always the worst choice. That's why nobody really wants to have one. They just feel trapped in a no-win situation.

Immediate relief at the cost of another life is not something you can ever forget. Abortion tragically harms mothers, degrades fathers, and as we all know, kills the unborn. Abortion hurts us all.

and you'll want to do the right thing. Choosing life for your unborn, or helping a friend to do so is not easy, but it is good. And, it's the best choice for you.

Don't give up on life

Never forget that human life is always a beautiful thing, it is never bad. But for life to flourish, it must be loved.

So make this world of ours a better place and reach out to life's challenges with love. There's a lot of people out there that can use it.

Be one who gives it!

1. A call for abortion is a call for help.
2. Life affirming values are in the heart of every woman.
3. Pregnancy is never the problem, circumstances around the pregnancy are causing the woman pain.
 The best way to help a baby whose life is threatened by abortion is to help the mother.
5. Crisis in life can help you grow.
