shirt.woot.com
If you like T-shirts, and you're a geek, this is the site for you. One new shirt each day—\$12 shipped.

goodreads.com
I'm a big-time reader, and Goodreads lets me keep up with what my friends are reading. Every day I get a summary email that tells me what they want to read, have read, and how they liked it. My own Want To Read list is now HUGE.

X-Com: Enemy Unknown
Did you play computer games in the early '90s? Then you probably played *X-Com: UFO Defense*, one of the all-time greats. This modern reboot is excellent—maybe the best game of 2012.

Draw

Capture ideas beautifully.
This versatile fountain pen draws from thick to thin based on your movement. It's the quintessential drawing tool for any idea.

Sketch

Start with a sketch.
This soft lead pencil is light to dark for scenes, objects, rough form.

Write

The power of words.
Write messages, add captions, or capture your thoughts with this quality ink pen. The written word never looked so beautiful.

Color

Give color to master watercolor.
Master watercolor from a light to color with the brush as color on the page.

Waste Land

I really like this documentary and art propels life change. imdb.com/title/tt1268

MUSE: The 2nd Law

The band's latest album is weirdly inspiring.
