

# KILLING EACH OTHER

Invite group members to respond to these 1993 statistics:

- Each day, 160,000 U.S. students skip school because they are afraid of violence.
- 100,000 U.S. kids carry guns to school. 700,000 carry knives.
- Every day in the U.S., 14,000 students and 40 teachers are attacked.

Then ask:

- Would you own a handgun? Why or why not?
- In what ways has violence with guns affected you personally?
- What limits on handgun ownership do you think are reasonable? Why?
