

Authorized Interviews

Note: This is an excellent get-acquainted activity for a youth rally or a large gathering where you do not know one another. Prior to program prepare interview sheets like the one below. Each participant will need three interview sheets.

Phase One: As participants arrive give each one three interview sheets. Each person is to interview three people whom they do not know well. Before the interview can begin, however, they must have the person being interviewed sign the sheet authorizing the interview.

Phase Two: Ask each person to share one interesting thing about each person whom they interviewed.
