rdie On the Perch

Split into two groups. One group forms a circle facing out. The other group
ns a circle around the first circle. Pair off—one person from the INNER circle
 one person from the OUTER circle—making partners. At the whistle, the
ER and OUTER circles move in opposite directions.
 When the whistle blows a second time, the people in the OUTER circle kneel
hey are on one knee, and their partner from the INNER circle runs from wher-
r they are and "perches" on their partner's knee. The LAST "couple" to perch is
r.
 The second round begins with the whistle. Circles move in opposite directions.
en the whistle blows, the INNER circle kneels where they are and their part-
s in the OUTER circle run and perch on their knees. The last couple to perch is
r. Repeat this procedure until a winning couple is determined.
