

BIRTHDAY BARNYARD

This game is an adaptation of Barnyard (page 69). Give each person a list like the one below. After everyone has received the list, the players are instructed to look at the action described for the month of their birthday. When the lights are turned out, they are to stand up immediately and make the appropriate action. As soon as they find a person doing the same thing, they lock arms and look for the rest of the team. As soon as all the team is together, they are to sit down. The first team to find all its members wins.
