

# EGG PLUNGE

Here's an "egg-zacting" challenge for your kids.

Have kids pair up and stand facing each other, about 6 feet apart. Give one partner in each pair a hard-boiled egg, and give the other partner a coffee mug full of water. Have partners with eggs each try to toss their egg into their partner's mug. If a pair's egg misses the cup, that pair is out of the competition. Have pairs continue tossing eggs—standing one step farther apart each round until one pair remains.

You may substitute rubber balls for hard-boiled eggs.
