LINK TAG

Choose one person to be *It* and one person to be the first *Runner*. Then have everyone else pair up and link arms side-by-side. When you yell go, *It* starts to chase the *Runner*. If *Runner* can get to one of the pairs, he grabs onto one end and joins the link. Then the person on the other side of the link has to take off as the new *Runner*. They, too, can link with another group, but it has to be a different group.
