

My Grandmother's Trunk

This game is best done sitting in a circle. Someone starts by completing this sentence with an object that begins with the letter "A" such as, "My grandmother keeps _____ in her trunk." The next person completes the sentence repeating the "A" word and adding a word that starts with "B." This continues around the circle, each person repeating what the others said and adding another with the next letter of the alphabet. Anyone who can't remember all of the words is eliminated.
