## Here is an activity that is not only fun but has great UDSIALLE ILLUSIUN

with a lot of minor obstacles such as light poles, trees,

and obstacle course. First you will need a large area discussion potential. It is a combination trust walk

hanging a coffee can full of marbles from the last more dead ends, etc. Mark the end of the line by Continue the main line to the next obstacle with beyond one of the obstacles, the others will dead end other nearby obstacles. Only one line will continue obstacle. At that point string out two or more lines to starting point and run some heavy cord to the nearest church boiler room after they had shut down all of playground equipment, etc. (One group used the the heating and cooling equipment.) Then pick a

point and let each group follow the course alone. group separately by a confusing path to the starting in a room and can make it absolutely dark). Lead each single file line and blindfold each one (unless you are assistants. Line the kids up in a hand-on-shoulder Explain to the groups that the object is to follow

Have each group choose a leader and two or three

Divide into small groups of eight to 12 kids.

the main line together without separating. (The leader

kids to stoop under. Make sure the course is long shoulder level. Also plan obstacles that require the knee or ankle level, while a dead end continues from shoulder level, it could go out from the obstacle at example, if the main line leads to an obstacle at when they come to more than one line.) can stop the group and send out assistants to check Be sure to vary the heights of the line. For

enough so that it takes 20 to 25 minutes to finish!
