

# PERSONALIZED PIZZA PARTY

Provide kids with pizza dough and all the goodies that go on top and let them create their own personal pizzas. Each person gets a lump of dough and shapes it into a creative design. The only stipulation is that there must be a lip to the crust so that the sauce won't run off. The pizza can be decorated with olives, mushrooms, cheese, pepperoni, anchovies and the like. While these creations are being baked, other games can be played. When they are ready, judge them and award a prize to the most creative pizza. Then eat up!
