

SHERLOCK HOLMES

Write 4-6 things about yourself (likes, dislikes, experiences- not physical characteristics)

- ex. I have three brothers and sisters
I love pizza and chocolate
I have been to Europe three times
I play basketball on my parish team.
I hate vegetables

The leader will collect them.

She will mix them up and read them and number them as she reads them.

Each member of the group will have a piece of paper with the numbers 1- (as many as are in the group) As each one is read she will put a name next to the number. She is guessing which girl is being described.

After they have all been read see who got the most names correct.
