

## **taste of the congregation**

**Many cities have a Taste of the Town event, but we decided to do a Taste of the Congregation as a fundraiser.**

Recruit volunteers to bring in one dish they're really good at making—and have them make plenty of it! Then set up your gym or fellowship hall to display these tasty treats. Charge \$5 admission, and allow people to sample everything once.

Encourage cooks to have recipe cards available for those who really like the dish—you could even charge people another dollar to get the recipe.
