

"No Fear". Perhaps you have seen this decal on automobile windows, etc. Well, at Old Dominion University, specifically in Chesterfield County, the administrators have designated April as Confederate Month. David Duke, former grand wizard for the KKK, was in town to speak at a shopping mall. David Duke is the head of a group calling itself "NO FEAR" ; it stands for: "National Organization For European-American Rights." Many people think "No Fear" is just something young white people placed onto their vehicles, meaning they fear nothing because of their youth. Please pass this on so that more young people know what "No Fear" really means.
