

You're Not Alone

Meredith Andrews

I search for love
When the night came and it closed in
I was alone
but you found me where I was hiding
and though I'll never ever be the same
It was the sweetest voice that called my name
singing

**You're not alone, For I am here
let me wipe away every fear
My love I've never left your side
I have seen you through the darkest night
and I'm the one that's loved you all your life, All of your life**

You cry yourself to sleep cause the hurt is real and the pain cuts deep
All hope seems lost
With heartache your closest friend and everyone else long gone
You've had to face the music on your own
but there is a sweeter song that calls you home sayin'

**You're not alone For I am here
let me wipe away your every tear
My love I've never left your side
I have seen you through the darkest nights
And I'm the one that's love you all your life All your life**

Faithful and true... Forever
For my love will carry you....

**You're not alone
for I... I am here
let me wipe away every fear... Oh yeah
My love I've never left your side
I have seen you through your darkest nights
Your darkest nights
And I'm the one that's loved you all your life
All of your life**
