

# **Gardener's Paradise**

On the rays of the sun, fill in four strengths that you possess. Fill in the clouds two fears that you currently have. Fill in the roots things that you feel are barriers in your life. In the top portion of the soil, list ways you can break down the barriers below. Fill in the flowers as many successes as you can. The drops of water represent your gifts and talents. In the watering can, fill in at least three of your gifts and talents as you see them. Color your picture creatively!
