

WORD GAME

Here's a simple discussion starter that can be very effective. Give each group member a blank 3x5 card and a pencil. On one side of the card have the kids write the most important word in their lives. On the other side have them write the most important word in their faith or religion. Then, using Luke 10:25-28 and Romans 12:1-2 and the cards, discuss the relationship between one's faith and one's life. Ask the group to compare the responses on both sides of the cards.
